Killing the Little Fellow.

Imports of oil and oil products in 1929 aggregated in value about \$150,000,000, and despite the depression such importations are increasing this year. We are importing about the same quantity of crude oil as we have been accumulating as surplus from domestic production. Our own fields are subjected to limitation of output, with consequent idleness in the oil fields and refineries, and loss of royalties to farmers.

The biggest oil interests successfully opposed any tariff on crude oil when the new tariff law was passed. Increasing importations with a decrease in the domestic demand, have resulted in hardship and in many cases of bankruptcy for the smaller independent oil companies and individual producers. This has placed the independent oil companies in a weakened position which promotes the merger process by which they are being either put out of business or swallowed up.

The defense offered for limitation of our own oil output while importations are encouraged is that it "conserves" the domestic oil supply against some future day of need. Twenty years ago the experts told the American people that our oil supply was diminishing and in sight of extinction. Since that time we have produced more oil than the experts then declared existed, and have several times that amount in sight. It has been demonstrated that our crude oil potential supply is almost inexhaustible. New fields have been discovered so productive that wells have been capped and drilling has ceased. One oil well in Texas discovered within the last two years has a greater daily potential production than all the oil wells east of the Mississippi. Improvements of boilers, piping of natural gas and other developments in fuel engineering postpone the possibility of crude oil exhaustion into the indefinite future. Moreover it seems possible that other means of energy production may be found which will render oil of decreasing importance.

The "conservation" argument for closing down our own oil fields and buying our oil abroad, recalls the fight made by a member of congress in the early days of the republic in favor of the conservation of flint beds, on the ground that the time would come when enough flints to fire muskets could not be procured!

When an oil tariff was proposed last spring, the cry went up that it was being asked by the big oil interests. These very interests, international in their operations, were the really influential foes of such a tariff. Its absence permits them to squeeze out the small companies through the importation of oil and the consequent glutting of the market. The result is unnecessary unemployment and destruction of earnings for small oil companies and owners of oil-bearing lands, mostly small farmers. The time will perhaps come when the American people will refuse to be fooled on the tariff question by the international bankers and industrialists and their publications and politicians.

A Pertinent Question.

In a recent speech before the University club, Boston, Mass., Richard Washburn Child, former ambassador to Italy, stated: "You can talk about the legal effect of our adherence to the world court. But what is going to happen if the League of Nations asks an advisory opinion affecting the welfare of the United States from a body of which we are a member and we do decide to get out? It would result in an uproar. It would fling the United States senate into an interminable discussion; it would arouse racial and nationalistic dissensions. We would be caught in a nice trap, and that is all there is to it, a trap."

A Worker.

Sunday the congregation of the Congregational church will celebrate Rev. "Joe" Bennett's fourth year in Campbell. We say Campbell rather than the church, because Joe has not confined his activities to that institution. He is a worker in all things that are for the good of the town. He is the leader of the Boy Scout movement here and is a friend to all the local youngsters who want him for their friend. His four years' work here in the Orchard City have been felt on every hand, and we want the public to know how we feel about him. More power to him.

That's practically all.

Miss Esther Hedegard
Hostess To Group of
Students Friday Night

Miss Esther Hedegard was hostess to a number of students of the San Jose State college at the home of her parents, Mr. and Mrs. S. N. Hedegard, on Winchester road Friday evening. The party was in honor of Miss Dorothy Stocking of Tracy, whose marriage will take place some time this month.

The evening was pleasantly spent at Dutch which. Long ribbons led the bride-to-be thru the house to the second floor, where she found lovely gifts from her friends.

Refreshments were served by the hostess at a long table artistically decorated in yellow and green.

CAMPBELL PRESS

VOLUME 24, NUMBER 21

CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA

TUESDAY, FEBRUARY 3, 1931

JULIUS STROBL IS
EXONERATED IN
RECENT KILLING

A coroner's jury this afternoon exonerated 16-year-old Julius Strobl from blame in the killing of his stepfather, J. C. Miller, last Friday night at the Marston ranch on Union avenue.

Miller, according to testimony of the youth, was often drunk, and on the night of the killing threatened the boy's mother with a can of vegetables. The stepfather was intoxicated at the time.

Young Strobl, who has been supporting the family since he got out of grammar school, seized a butcher knife and stabbed "Miller" in the neck, seeking to save his mother from abuse. His young sister summoned George Marston who in turn called Dr. Frank R. Anderson, who was unable to do anything for the injured man. The lad has been held at the county detention home, and will be held a few days longer, according to reports.

MANY CAMPBELL
FOLKS HEAR STEVE
SING AT HESTER

Many residents of Campbell attended the Hester theater during the past week-end to hear Stephen Merrill singing in the Pathe news weekly.

The recording and reproduction of Merrill's voice was almost perfect, and he was given a big hand at every performance.

Campbell residents came away with a very pleasant impression of this intimate little showhouse on The Alameda. It has earned the reputation of having the best sound in the Santa Clara valley, a very important factor in these days of talking pictures. The Hester maintains a policy of showing only the best of recent releases.

The Hester is under the personal management of its owner, Milton F. Samis, an experienced showman who was formerly manager of the California and St. Francis theaters in San Francisco.

The Hester's program for the week includes Nancy Carroll in "Laughter" on Wednesday and Thursday, Warner Baxter in "Renegades" on Friday and Saturday, Edmund Lowe in "Scotland Yard" on Sunday and Monday, and Lowell Sherman in "The Payoff" next Tuesday.

Woman's Club Hears
More of Latin America
At Monday Meeting

Baskets of lovely acacia blossoms with bowls of other spring flowers, brightened the community hall for the regular meeting of the Country Women's club Monday.

Mrs. R. A. Shearer opened the program with a very interesting account of her trip down the west coast and thru the Panama canal. The description of the shopping expedition in Panama was so realistic that her hearers could almost see themselves doing it. An imaginative trip continued the journey up the east coast into the ancient Mayan country, which was also clearly pictured.

Mrs. H. P. Bear, who acted as chairman, read a paper with brief excerpts from a book of travels, treating of the geography and life of the Central American countries, but especially dealing with productions.

Miss Betty Keesling, a member of the high school and the Keesling family orchestra, entertained with two trumpet solos. She was accompanied by Miss Olga Brydon, Emily and Lois Bohnett, little daughters of Mr. and Mrs. Calvin Bohnett, carried on the theme of the afternoon by dancing the Mexican hat dance, in costume, and followed with a tap dance, "The Toy Maker's Dream."

Mrs. Freeman Howes announced a card party to be held Saturday afternoon by the We and Our Neighbors club in their clubhouse, for the benefit of the County Federation of Women's Clubs scholarship fund.

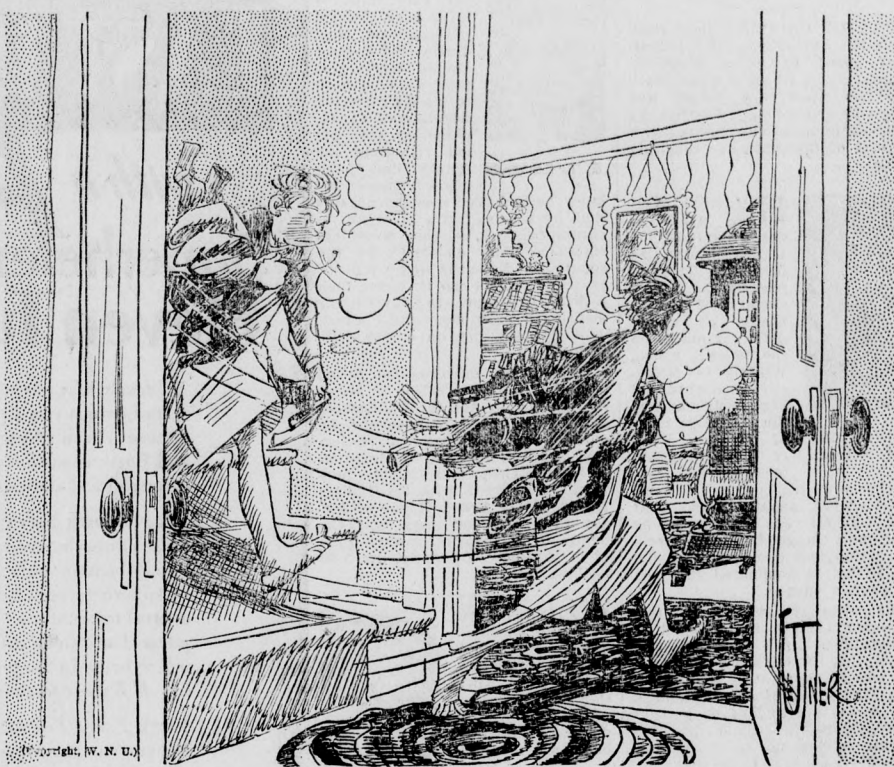

CONGREGATIONAL CHURCH

Friday, Feb. 6, marks the fourth anniversary of Rev. J. H. Bennett's entry into the pulpit of the local Congregational church. On this evening everyone is cordially invited to the fellowship banquet to be held at the church beginning at 6:30 o'clock. Rev. Benjamin Gould of San Jose will be the principal speaker after supper, and the church choir will render special music. Information as to what you should bring for the supper table can be secured by phoning 71M or Campbell 3.

Sunday morning at 11 Rev. Bennett's subject will be "Thy Kingdom Come." At 7:45 p. m. the evening worship will be attended by the Kiwanis club, of which Rev. Bennett is a member. The subject will be "The Old and the New." Special choral music.

Mrs. James Kelley of Redwood Estates was visiting relatives and friends in Campbell a few days last week.

When It's Six Below—Above

PROMISES A REAL BALL
GAME FOR OLD SETTLERS'
CELEBRATION

Campbell, Calif.
Editor Campbell Press:

Feb. 23 this community is going to celebrate Old Settlers' Day. For the entertainment of those who will want to watch a ball game, I have arranged to stage a game between the Campbell Baseball club and the fast Johnny Walter's team of Palo Alto, weather permitting. There will be no admission charges, but a collection will be taken up, said collection to be turned over to the Grammar School Parent-Teacher association.

Everybody is welcome to watch a real ball game.

Antone Ferro,
Mgr. Campbell Baseball club.

NEW SIGN ON THE
GREAT WHITE WAY

Dan Clark, popular local druggist, has added to the glitter of the local "white way" by installing a late model electric sign which bears in striking red letters the word "drugs," surrounded by a border of blue. Absolutely the latest thing in illuminated signs, Dan thinks it will guide the seeker after drugs to his door. (It's a good-looking sign, no foolin'.)

Barnes Encampment In
Joint Installation With
Other Chapters

A joint installation of I. O. O. F. encampments of the 13th district was held in San Jose Thursday evening. District Deputy Chief Patriarch H. L. Maxenfelder and his staff installed the groups of officers for the various encampments.

New officers installed for Barnes encampment, Campbell, were: E. C. Merrill, high priest; Ralph Holbrook, chief patriarch; Frank Coupland, senior warden; Edwin Mitchell, junior warden; Archie Brydon, recording scribe; Dave White, financial scribe; Harry Silver, treasurer; A. Devine, guide; Charles Thompson and Charles Moore, guardians of the tent; W. R. Coupland, first watch; Julius Bachman, second watch; Oluf Strom, third watch.

A banquet was served immediately following the installation ceremonies.

Grammar School P. T. A.
Observes Founders' Day

The grammar school P. T. A. met this afternoon with Mrs. S. N. Hedegard presiding over the business meeting. Following the business session an entertaining program, arranged by Mrs. Fred Nichols, Mrs. Frank Lopes and Mrs. Stella Allen, was given. They had secured Mrs. H. A. Watrous of Gilroy for their speaker.

"Founders' Day" was observed by the members. Past presidents of the organization were honored at this meeting.

Several songs were sung by pupils of the grammar school, and a social hour and silver tea followed the program. Mrs. I. R. Abbott and Mrs. G. E. Farley, assisted by mothers of seventh grade pupils, were in charge of this part of the program.

THE SPORT FORUM
By
DICK LYNDEN

Mrs. Helen Wills Moody, appearing in exhibition last Thursday at Stanford, convincingly demonstrated to a capacity gallery that she had lost none of the speed and dexterity which carried her thru a score or more successful campaigns here and abroad. Matched with Joe Coughlin, fourth ranking player on the Stanford varsity, Mrs. Moody employed a hard back-court game, with occasional variance, to triumph handily at 6-2. In the doubles play, Mrs. Moody and Ted Easton succumbed to the smashing net game of Keith Gledhill, who was paired with Mrs. Harpjer, fifth ranking woman player. The scores were 6-3, 5-7, 4-6.

Mrs. Moody displayed a marvelous accuracy thruout, and in the singles match contrived to keep Coughlin running from one boundary to the other constantly, thus rendering his dangerous overhead impotent. She consistently outdrove her masculine opponent, and at times seemed to purposely prolong the rallies in order to test her endurance. Her tactics in the doubles exhibition were distinctly contrary, most of her returns being high lobs or net-smashes which she placed in difficult corners of the court. In the second and third sets, however, Keith Gledhill took the net and his sensational smashing game finally resulted in victory for his team.

Supposedly retired, at least temporarily, Mrs. Moody confessed that she had been playing four or five times every week and that she was considering going east for the nationals, altho advice to the contrary had previously been issued. This information, tho not precisely definite, came as a complete surprise following upon a former announcement, published shortly after her last return from foreign conquests, in which she expressed intentions of settling down to a period of quiet married life.

That Herr Max Schmeling has developed into a typical American pugilist—a questionable implication—was proven rather beyond doubt when he entertained a company of ravenous journalists in his suite on the Europa, which docked last week in New York. Any question which seemed in the least relevant was submitted to "Cholo" Jacobs, the black Uhlan's manager, who searched it for lurking dangers, and wrote out a cautious answer for the scribes. Of course, it was just to prevent misunderstanding.

Damon Runyon and W. S. Farnsworth, promoting interests for the Hearst Milk Fund, have decided to take their Schmeling-Stribling bout, scheduled for June, to Jersey City, Detroit, or Philadelphia, providing the New York boxing commission does not relent and allow the fight to be staged in that city. Which still holds preference. This is a definite abandonment of the former plan which proposed to give the fight to Chicago. The change is the result of George Getz's statement that the Illinois boxing commission would deny the Milk Fund a share of the profits if the match went to Chicago. Getz said that New York charity shows should be sponsored in New York. (Continued on Page 2).

SOME WHISKERS! AND
SOME PIKERS, TOO

The crop of whiskers is coming along nicely in Campbell, and Guy Farley, chairman of the publicity committee, has arranged for a friend of his to bring a couple mowers over from the Joaquin to harvest the crop on the 23rd of this month.

Not a few pikers have made themselves known by refusing to grow even a discrete mustach. Hal Morton has perhaps the most beautiful set of whiskers that have been seen in Campbell since the days of '49. The publicity committee has been busy in other ways; getting radio announcements over the Shell "Happy Hour," newspaper publicity and they have secured several hundred window cards of the "grandfather" type, one of which can be seen in the window of the Press office. Everybody is urged to do all they can to get their friends in town on the big day. Write them, call them—make them come. They'll enjoy it.

CLASS DAY AT LOCAL
GRAMMAR SCHOOL

The midyear graduating class of the Campbell grammar school held its "class day" Wednesday afternoon at the auditorium. Several of the upper classes joined in the festivities.

Interesting features of the program were the reading of the class history by Wanda Laughlin, the reading of the class will by Helen Robinson, and the class prophecy by Mary Shank.

Very amusing was a mock court conducted by members of the low eighth grade, in which each member of the graduating class was obliged to answer some charge or other. Willis Larson, judge, passed sentences, the punishment being favors given by the low eighth. The graduating class presented their teacher, Miss Mary Fabling, with a lovely gift. Supt. Ira R. Abbott and Antone Ferro, property custodian, were also presented with gifts by the class.

Refreshments in the cafeteria followed the entertainment.

We and Our Neighbors
Club To Benefit County
Scholarship Fund

Members and friends of the We and Our Neighbors club are asked not to forget the date of the bridge party to be held at the clubhouse in Union district for the benefit of the scholarship fund of the County Federation of Women's Clubs, Saturday afternoon, Feb. 7. Players are asked to furnish their own score cards. Candy will be on sale during the afternoon, and refreshments will be served after the games. For reservations, call Mrs. Freeman Howes, 23F2.

Mrs. M. Gartner was agreeably surprised last Tuesday when she returned home from San Jose to find old time friends awaiting her arrival. Mr. and Mrs. L. L. Prunty of Denver remained until Thursday, when they continued their journey to Los Angeles. A party of four including Mr. and Mrs. Prunty, Mrs. Gartner and Mrs. H. Y. Rice enjoyed a trip to Santa Cruz Wednesday.

HOOPSTERS DIVIDE
HONORS WITH
SANTA CLARA LADS

Friday night the Campbell hi 130-pound basketweavers shot a 28-11 victory over the Santa Clara lads. Merle Murty was the local star, tossing 21 of the 28 tallies. These lightweight lads are plenty good and gave the cash customers a run for their money. Coach Noddin has great hopes for them.

The unlimited tussle was not so favorable to Campbell, the final score being 23-8 in favor of the Santa Clarans. The local team did show some nice footwork, and got the sphere down to their end of the court in good order; in fact, if they had made half the goals they attempted it would have been too bad for their opponents. Lloyd Shank, who has risen to more than one occasion, couldn't get his sights on the hoop, and all except one toss were for charity. Better luck next time.

Wednesday (tomorrow) afternoon they play Fremont at Fremont. Next game scheduled for Campbell is Friday night, Feb. 13, when the local quintets meet Gilroy on the home hardwood.

CLAYTON THOMAS,
BROTHER OF MISS
E. THOMAS, IS DEAD

Friends and fellow faculty members of the local high school are extending sympathy to Miss Elizabeth Thomas, whose brother, Clayton, Gilroy rancher, was killed in an automobile near that city yesterday.

Investigation revealed that the unfortunate man had been killed almost instantly at an early hour in the morning, when his car turned over while negotiating a sharp turn south of Gilroy. The car is said to have been traveling at a high rate of speed, rolling over twice.

Deceased is survived by his father, C. R. Thomas, and his sister, Miss Elizabeth Thomas, local teacher.

MERCHANTS TAKE
SHORT END OF 9-1
SCORE SUNDAY

The local baseball fans were again treated to real baseball when the Campbell nine nearly froze out the Santa Clara Merchants at the local diamond Sunday afternoon. The score was 9-1.

Attenhour pitched all the innings except the last, when Garret lent a hand to relieve him. The Campbell hurler allowed but six hits during the game, only one Merchant reaching home in safety.

Home runs were made by Padilla, who also hit a triple and a single; McWhorter, who also hit a double, and Giandrea made one of the longest drives in the history of Campbell's ball grounds.

The Campbell boys are in the pink, with every man at his best. Fans have confidence in the home team and are looking forward to the game with Johnny Walter's team from Palo Alto.

McVEA TO GET
EAGLE SCOUT
BADGE THURS.

Norman McVea, along with five other Scouts of Santa Clara county, will receive the Eagle Scout badge at a banquet Thursday evening at the St. Clair hotel. This is the highest award possible in scouting and means that the holder thereof has qualified for 21 of the most difficult-to-obtain merit badges.

The badges are to be presented by Dr. George Fisher, deputy chief executive of the Scouts of America, and the principal speaker at the banquet. The banquet is open and parents who are interested can make reservations by calling Scout headquarters.

McVea is a member of Campbell Troop No. 26.

Rebekahs Have Grab-
Bag Party After Meet

The Ada Rebekah lodge held its regular meeting this evening with Grace Freudenthal in charge of the business session.

A social hour followed the meeting. In charge of the program were Miriam Dunlap, Anna Bachman and Walter Smiley. They had arranged a grab-bag party, in which everyone dropped a package and then took one out. Whist preceded refreshments.

METHODIST CHURCH

A beautiful tableau, "The Sower and the Seed," will be presented at 7:30 o'clock Sunday evening at the Methodist church, prefacing a series of Sunday night attractive features in tableau, song and pageantry, in which the public will be interested and to which they are cordially invited.

Mr. and Mrs. Herold Morton, accompanied by Dr. and Mrs. F. R. Anderson, took in the ice hockey game at Oakland Saturday evening.

(© 1931 Western Newspaper Union.)

This Woman In 4 Weeks Lost 17 Pounds of Fat

Here's a letter written October 21, 1929, by Mrs. Fred Barringer of Lewistown, Montana, that ought to be read by every overweight woman in America.

Gentlemen: I started taking Kruschen every morning as directed as I was very much overweight and wanted to reduce.

I had tried going on a diet, but would get so hungry that my diet would not last long, so I decided to give "Kruschen Salts" a fair trial. The day I started to take them I weighed 256 pounds, and at present, which has been just four weeks, I weigh 239 pounds. And I must say, I feel better in every way, besides looking much better.

MORE LOCALS

Mr. and Mrs. M. E. Purmort were guests at the home of Mr. and Mrs. W. B. Denhart of San Jose Saturday evening at a birthday party.

Al Bulmore is back on the job at his meat market in Bernhardt's store after an absence of several weeks. Al has been quite ill.

Mr. and Mrs. Frank Haliwell have moved from North Second street to the Ferro house on North Third.

Mr. and Mrs. C. H. Whitman were business visitors in San Francisco last Wednesday.

Nellie Mills of San Francisco and Louise Mahan of Palo Alto were visitors at the J. H. Bennett home last week.

Mrs. E. R. Kennedy is out again after several weeks' illness which confined her to her home.

Mr. and Mrs. Fred Andero of Park Rapids, Minn., arrived Sunday to visit with Mr. and Mrs. Harold Page of Latimer avenue. Mr. and Mrs. Andero are on their honeymoon and will leave Wednesday to continue their journey.

Mr. and Mrs. Gordon Ainsley left today for a two weeks' vacation at Carmel.

Stephen Merrill will be heard in person at the Fox California this Thursday, Friday and Saturday.

Mrs. Nell Morely of Berkeley has taken Miss Kittie Johnson's place as instructor of English and art at the high school. Miss Johnson left last week for Los Angeles and expects to visit there for some time.

Mr. and Mrs. V. Criscone and daughter Rose are recovering from flu. Other members of the family have also been ill.

Mrs. George Morris of Hamilton avenue is enjoying a visit with her daughter, Mrs. G. Stocklith in San Francisco.

Mrs. George Sekavich of Central avenue was hostess to her friends, Mr. and Mrs. A. McAvoy of San Jose over the week-end.

Mrs. P. B. Payne has turned her home into a hospital, doctoring the members of her family, who nearly all have the flu.

FOR SALE—A bargain. New "Foot Saver" shoes, size 5 1-2 A. Campbell Shoe Hospital.

Mr. and Mrs. W. H. Morgan Jr. were visiting with Mrs. Morgan's parents, Mr. and Mrs. Ben Pearce, in San Ardo, over the week-end. Newton Finley has been confined at home with flu the past week.

Mr. and Mrs. A. W. Page, Royal and Everett Page, spent a few days last week with relatives in Los Banos.

Horace Lea is building an addition to the Lea home on North First street.

Mrs. Ralph Cookson and children of Paso Robles are visiting at the Dr. W. I. Merrill home.

NEW PHILCO RADIO FEATURES 11 TUBES

Addition of three 11-tube super-heterodyne plus receiver models, and a seven-tube screen grid combination radio-phonograph with an automatic record changer to the other instruments is announced today by Philco for 1931, according to Mr. Dunlap, of Dunlap & Smiley, local Philco dealers.

The superheterodyne plus receiver is available in three models—a lowboy, a highboy and a combination radio-phonograph. A double-tuned input circuit prevents crosstalk and permits the use of any length antenna without affecting selectivity, it was stated. "The set is non-oscillating and will not regenerate electrical disturbances impairing nearby radio reception, thereby eliminating one of the major problems heretofore attached to the use of superheterodyne receivers," said Mr. Dunlap. "A range switch at the back of the cabinet permits changing from normal sensitivity to super-sensitivity for use in zones of extra low broadcast strength. The set is so powerful that it will operate in 'dead spots' in which reception has heretofore been unsatisfactory.

"The lowboy cabinet is of American walnut with instrument panel of V-matched Oriental wood and has American Gobelin tap-

May all large people, both men and women, who want to reduce in an easy way, give Kruschen Salts a fair trial. I am sure it will convince anyone."

A bottle of Kruschen Salts that lasts four weeks costs but 85c at Clark's Drug Store or any drug store in America. Take one half teaspoon in a glass of hot water before breakfast every morning. To help reduce swiftly cut out pastry and fatty meats and go light on potatoes, butter, cream and sugar.

The Kruschen way is the safe way to reduce—try one bottle and if not joyfully satisfied—money back.

estry over the speaker opening. The highboy is in Louis XVI design, but may also be obtained in William and Mary design. The radio phonograph cabinet is also walnut. Its top is especially balanced so that it may be raised or lowered without the use of braces. Roomy compartments for both 10 and 12 inch records are supplied. The automatic record changer plays ten 10-inch or a like number of 12-inch records without attention, making possible a full 45-minute program of phonograph music.

Congregational Guild "Birthday Luncheon" Is Well Attended

The second birthday luncheon held by the Guild of the Congregational church Thursday in the church parlors was a very happy event, attended by some seventy-five ladies.

Tables were set in a hollow square for three groups, assembled according to their birthday dates, the first including the months of January, February, March and

April; the second, May, June, July and August, and the third, September, October, November and December.

The tables were daintily appointed in lavender, pink and yellow, with bowls of winter iris, and stands holding flowering plants or baskets of heather and broom in the open square. At each plate was a dainty boutonniere of daphne, combined with other delicate blossoms.

The guests were welcomed by Mrs. J. H. Bennett, president of the Guild, who then announced trio numbers, "To a Wild Rose," McDowell, and "Morning," Oley Speaks, sung by Mrs. Worthin Grattan, Miss Annette Merrill and Mrs. Donald Page, with Mrs. G. S. Robson at the piano.

At the conclusion of the luncheon Miss Katherine Wood played three pleasing piano solos, "Country Dance," Alexander MacFadden, "Nocturn," Chopin, and "Polonaise Americaine," John Alden Carpenter.

Mrs. Alpha Merriman, secretary, gave an account of the accomplishments of the Guild for the past year and outlined the general plans for 1931. The various groups met

A GRADED SHOE REPAIR SERVICE

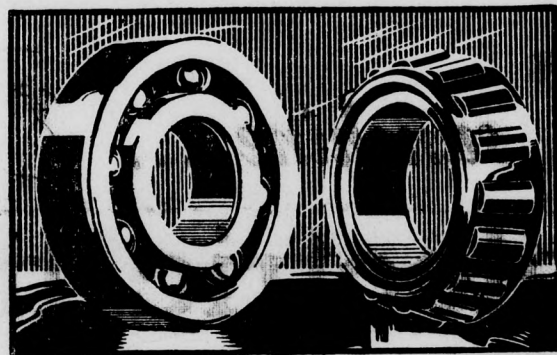

A recent news article by a prominent doctor says uncomfortable shoes are the cause of a goodly percentage of our divorces. It is impossible, he states, to maintain an agreeable disposition for any length of time if the feet ache.

Try a pair of our new flexible soles and be at ease.

WE GIVE BANK CREDITS

E. E. SOWER

FORD SMOOTHNESS

The new Ford has more than twenty ball and roller bearings

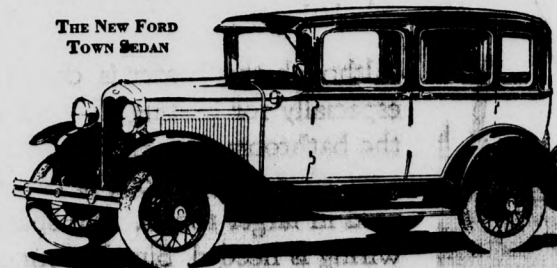

EVIDENCE of the high quality built into the new Ford is the extensive use of ball and roller bearings. There are more than twenty in all—an unusually large number. Each bearing is adequate in size and carefully selected for the work it has to do.

At some points in the Ford chassis you will find ball bearings. At others, roller bearings are used regardless of their higher cost. The deciding factor is the performance of the car.

The extensive use of ball and roller bearings in the new Ford insures smoother operation, saves gasoline, increases speed and power, gives quicker pick-up, decreases noise, and gives greater reliability and longer life to vital moving parts.

Other outstanding features that make the new Ford a value far above the price are the Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, three-quarter floating rear axle, Rustless Steel, the extensive use of fine steel forgings, and unusual accuracy in manufacturing.

the same afternoon and organized for work, electing a chairman and secretary, and Group Two an assistant chairman, Group One, Mrs. F. H. Cutting, Mrs. H. H. Person; Group Two, Miss Jessie Lewis, Miss Sadie Maxson, assistant chairman, Mrs. H. C. Smith; Group Three, Mrs. T. A. Cutting and Mrs. Henry Young.

The three sections of the Guild will meet Thursday afternoon: Group One (Jan., Feb., March and April) with Mrs. Horace Person on Campbell avenue; Group Two (May, June, July and Aug.) with Mrs. R. Y. Maxon, corner Winchester road and Sunnyoaks avenue; and Group Three (Sept., Oct., Nov. and Dec.) with Mrs. W. H. Stray, North Second street.

KIWANIS NOTES By Heck

Some good and some poor legislation for the public schools of

Cheerful Warmth!

Drive out the chill on cold days—as easily as turning on lights or water! The Payne Gas Floor Furnace maintains an even cheerful indoor warmth regardless of weather conditions. Most efficient, healthful and easily controlled system you can install. Circulates the heat evenly throughout the room. Takes up no valuable floor or wall space. Investigate! Ask for illustrated folder.

Payne
Gas Floor Furnace

C. H. WHITMAN
Hardware & Plumbing

California is before the present legislature, according to Walter Bachrodt, who spoke at Kiwanis today. The printing of textbooks by the state department is a decided handicap to the grammar grades because of the limitation of that department to secure publishers' plates. Plates for some of the very best books are not released by the publishers so that the state may use them. Mr. Bachrodt is on the state committee working for a wider selection of books and better advantage to the California youth. Ira Abbott acted as chairman.

Next Tuesday evening will be ladies night and Lieut. Gov. Leon Reynolds of Stanford will be the speaker. Ralph Hyde, chairman, is pulling strings for a special program and a 100 per cent full attendance is urged.

Rev. Joe Bennett will celebrate his fourth anniversary here with a Kiwanis service next Sunday evening and has invited the local club to attend en masse.

WISE MOTORISTS ARE BUYING TIRES NOW

And for these Reasons:

1. Goodyear prices are at the bottom.
2. Cost of punctures added to delays in bad weather, is greater than the miles left in old tires are worth.
3. Slippery roads of fall and winter make the full grip of new Goodyears a desirable precaution.
4. New Goodyear treads during winter wear down slower than ever—about TWICE as slowly per 100 miles as in summer. It is economy to put on new Goodyears now—they will be practically as good as new next spring. Ride with pride and enjoy Goodyear protection all winter, the time you MOST need it.

Millions More people ride on Goodyears—See the Supertwist Demonstration at our store and KNOW WHY!

HIGH SCHOOL NOTES
By
Helen Gartner

We all express our sympathy
to Miss Thomas, who grieves the
tragic death of her brother.

Members of the student body en-
joyed a talk by Mr. Gibson of the
Forestry department on protection

of forests. The lecture was accom-
panied by pictures. Two movies
were shown on fire prevention.
This week is forest protection
week.

The dramatic class tendered Miss
Jean McKinley a party at the home
of Geneva DiFiore last Saturday
night. Miss McKinley, cadet, from
state college, has left. Miss Adams
is taking up her course.

We welcome to our classes the

lines on a map**

THE modern business man has the new conception
of city and state boundaries.

He knows how little they mean to his Telephone.
He does business freely with other cities—waging
his campaign on as many fronts as he pleases.

You, too, have the Telephone. Will you let it
help you pierce the old-time boundaries to your
scope and action?

*Inter-City telephone service is fast,
clear and easy to use*

Like sunshine....

electric heat.
warms and cheers you

Use an electric heater on chilly
mornings and know what true
comfort is!

Have this quick, clean heat while
dressing, shaving, or breakfasting.
The cost is only a few pennies
for a full hour.

A portable electric heater comes
in handy no matter what other
type of heating you have. For
there are many mornings and
evenings when you need enough
heat to chase away the chill and
still you don't want to heat the
whole house.

Although this heater is designed
especially for heating the air in
the bathroom, breakfast nook, or
any other small room, it can be
used in larger rooms. No special
wiring is needed. Simply connect
it to a convenience outlet.

Electric heaters can be seen at
our office or the dealers' stores.
